

Snowflake

The world's leading collaborative software now included
with the Clevertouch Fusion

Snowflake Software Suite offers customizable content, fast performance,
stability and quality.

The Snowflake multi-touch platform features thirty apps, including
presentation tools, games, media content browsing, creativity and
productivity tools as well as whiteboard functionalities for collaborative work
group environments.

The Snowflake multi-touch framework is compatible with Windows 8 /
Vista / 7 (Windows 8 ready), Mac Snow Leopard and iOS.
