

Improve team work & problem solving skills
Face to face barrier free communication
Small group collaborative learning

The SMART Table provides activities
that are conducive to learning, such as
conversation & collaborative object creation

Serious. Fun.

*'We were amazed to see that for the first time
in their school history, key SEN students actually
managed to communicate & work together as a
team, solving problems, puzzles & activities,
all without arguing on the SMART Table!'*

Damien Sturt
ICT Manager. Market Field School

Reception & Early Years Primary & SEN Pupils

- Up to 8 students can interact at a time
- Free access to an extensive library
of ready made activities
- Collaborative, customisable and part
of the SMART classroom solution

Getting early years pupils collaborating on a host of
essential learning activities is easy around a SMART Table™.

Drawn to the dynamic possibilities and intuitive design of
this multi-touch, multi-user interactive learning centre,
it quickly becomes a gathering place to explore digital
lessons, play educational games and learn to work together.
What could be more rewarding. Serious fun.
